

VIRGINIANS TO FIGHT FOR BUDGET SYSTEM AS NATIONAL POLICY

ADOPTION OF ACT BY U. S. URGED BY GOVERNOR DAVIS

Appoints Committee to
Represent State at Chi-
cago Budget Convention.

COLONEL LEROY HODGES IS NAMED AS CHAIRMAN

Charles Hall Davis, Financial
Expert, Already on Site of
Meeting.

DECLARES MEASURE NEEDED

Points Out Fact United States Alone
Lacks Financial
Watchdog.

Immediately following adjournment of Congress on Saturday, with out action in the Senate on the bill establishing a national budget system, thereby injecting the budget as a live issue into the presidential campaign, Governor Westmoreland Davis, Virginia, announced today that he had appointed a committee to study the appointment and organization of a Virginia division of the committee with Colonel Leroy Hodges, of Petersburg, aid to the Governor, as active State chairman.

Charles H. Davis is Member.

Following close upon the announcement of the organization of a national budget committee in Virginia, came the announcement that Charles Hall Davis, of Petersburg, one of the State's leading authorities on public and corporate finance, and counsel to the former United States Commission on Rural Credits, would represent Virginia at the national budget convention which opens in Chicago today. Mr. Davis, it was learned, left Richmond for Chicago Saturday evening after a long conference with Colonel Hodges concerning the detailed workings of the Virginia budget system, inaugurated under the direction of Governor Davis in 1915, and which proved efficient, practical and thoroughly satisfactory in its first try-out at the 1920 session of the General Assembly.

All States to Be Represented.

The national budget convention, which meets in Chicago today and tomorrow, was called by the national budget committee, and will be attended by representatives of every State in the Union, as well as by prominent Democratic leaders and by all the principal Republican candidates for the presidency. The convention will map out a plan for making the early enactment by Congress of a satisfactory budget bill a nation-wide issue in the approaching elections.

U. S. Alone Is Without Budget.

The United States is the only important country in the world that has not placed its finances on a modern budget basis, even in spite of the fact that nearly every State in the Union also has already adopted some form of budget procedure. Following the Napoleonic and Crimean Wars, Great Britain turned to the budget idea to save its national credit, and in Great Britain today the budget is most highly developed. France, Italy, Japan, Belgium and Portugal have national budget systems, as well as Argentina, Austria, Bolivia, Brazil, Bulgaria, Chile, China, Colombia, Cuba, Denmark, Ecuador, Germany, Greece, Guatemala, Honduras, Hungary, Liberia, Mexico, Montenegro, Netherlands, Nicaragua, Norway, Peru, Spain, Sweden, Switzerland, Venezuela, and a number of the other smaller nations. In the United States government, however, attempt is being made to handle the national funds in fourteen separate committees in the House of Representatives and fifteen committees in the Senate—each committee working independently of every other committee and all of them acting independently of the executive branch of the government.

Davis Decries Lack of Budget.

Governor Davis, in commenting on this situation at Washington, said that "it is rather difficult to understand why a national budget system was not established by the Congress as one very effective method of helping 'win the war'."

"The government has gone through war making staggering expenditures of billions of dollars, under the irresponsible and wasteful 'estimate' system," the Governor continued, asserting that "this wasteful extravagance pork-barrelism has nurtured into full development a multi-billion tax octopus that now, full grown, is sucking away its economic vitality."

Budget on Catastrophism.

"We must either adopt a more business-like method of raising and appropriating our national funds, as we have done here in Virginia with regard to our State funds, as we must face the inevitable economic catastrophe," the Governor continued, "The adoption of a national budget system along broad and intelligent lines is, therefore," Gov-

Foch Will Flee to Country to Escape Perils of City

(By Universal Service.)

PARIS, June 6.—Following a collision between his automobile and a taxicab in which, as reported yesterday, he was slightly cut about the face by flying glass, Marshal Foch announced today that he will retire to his country estate as soon as the supreme council of the allies no longer needs him.

In announcing this intention Marshal Foch said:

"I am going to the country because Paris is too dangerous."

This recalls the famous reply of Field Marshal Lord Roberts to an English correspondent who asked, "What is the greatest peril you ever faced?" To which "Bobs" replied: "Trying to cross the Strand near Trafalgar Square."

(By Associated Press.)

NEW YORK, June 6.—Trustees of the general education board of the Rockefeller Foundation announced tonight appropriations totaling \$20,251,900 for various purposes of general education and for the development of medical schools.

The summarized statement of the trustees says in part:

"At the recent meeting appropriations were made to ninety-eight colleges and universities out of those which are under consideration. To this group of institutions the general education board appropriated for endowment to increase salaries the sum of \$12,551,656 on condition that they would themselves reach the goal they had set and secure for the same purpose supplementary sums aggregating \$36,613,344. Thus, these colleges and universities if successful will increase their endowments available for teachers' salaries to the extent of \$49,165,000.

\$50,000,000 to Be Available.

"As the amount of money so far appropriated aggregates only \$15,600,000 and State departments of education in the Southern States, in the field of secondary and rural education, \$287,350 was set aside.

For negro schools appropriations aggregating \$943,500 were made for the following objects: for general education institutions, \$442,500; for medical research fund of Elizabeth, Queen of Belgium.

Secretary Points Out "Four Dis-
appointments" in Naval Appropria-
tion, Calling It Inadequate.

SAYS U. S. DISAPPROVES

Attack Believed to Be Opening Gun
of Administration on Republican
Legislation—More Officials May
Follow Premier Attack.

BY WINDER H. JARRIS.

WASHINGTON, June 6.—Congress has seriously crippled the navy, Secretary Daniels charged today in a long statement attacking the naval appropriation bill.

The secretary points out "four serious disappointments" in the bill, which, he says, "the country will not approve." These "disappointments" are:

1. "The failure to make public education for adequate naval expansion on the Pacific, made imperative by the presence of great fleets on the Pacific and the proper protection of that coast and outlying American islands."

2. "The failure to make even half-way provision for naval aviation."

3. "Failure to authorize the construction of a single new ship, appropriating only for the completion of the ships authorized in the 1918 program."

4. "Failure to appropriate sufficient money to repair and keep in condition ships which the office of operations told Congress were essential and ought not be deferred."

Says Failure Matter of Regret.

Congressional failure to make provision for these four naval out-standings, Secretary Daniels declares, "is a matter of national regret and in the debit and credit side will overbalance much good legislation and wise appropriations contained in the bill."

Secretary Daniels' criticism, following closely President Wilson's telegram to the railroad brother-hoods, and Secretary of Agriculture Meredith's protest against inadequate appropriations for his service is regarded here as the opening gun of a concerted administration attack on the Republican majority in Congress.

The output so far makes fine thunder for the Democratic campaign speakers.

Secretary Daniels places the need for naval development on the Pacific in the position of first importance. He also complains bitterly against the appropriation of \$20,000,000 for naval aviation. Thus, he declares, is totally inadequate.

In connection with the failure to appropriate for any new construction, Secretary Daniels recalls that the department recommended destroyer leaders, aviation carriers and smaller scout cruisers necessary to round out the fleet. An appropriation of \$11,000,000 also was urged for the completion and fitting out of seven vessels of the fleet.

Destroyer tenders at the Hog Island plant of the Shipping Board. These needed ships, Mr. Daniels says, will cost \$23,000,000 when built later under other conditions.

In Durham County Senator Johnson received 61 votes to 11 for General Wood, while in Wilson and several other of the counties in the eastern part of the State no Republican votes were reported.

Davidson County, the home of Z. V. Walser, State manager for Wood, gave Johnson 155 votes and Wood 42.

(By Associated Press.)

CONSTANTINOPLE, June 5.—British warships opened fire on Nationalist positions near Toulza on the Sea of Marmora, thirty-eight miles west of Ismid, late Friday night.

Constantinople was aroused by the heavy firing of the guns of the British warships. The Nationalists had approached close to the British intrenchments along the Gulf of Ismid, where many British units are stationed to protect the troops guarding the railway.

The collapse of the Sultan's troops leaves the British alone to defend the railway terminals opposite Constantinople. Many Armenian and Greek refugees have entered Ismid after escaping from the Nationalists.

Turks Capture French Position.

CONSTANTINOPLE, June 6.—It is reported that the Turks captured Rozanli, north of Adana, on May 30, taking prisoner a large number of French.

The Turks now are free to turn their entire strength in that area against Adana, Tarsus and Mersina, but say they do not want to take these towns lest they incur the ill-will of the British and Americans.

GRAND RAPIDS, MICH., June 6.—Five persons were killed instantly seventeen miles south of here today when an automobile was struck by a Michigan railway interurban car. The automobile was demolished. The occupants were a man, a woman, two boys and a baby girl.

MEXICO CITY, June 6.—Conditions in Vera Cruz have become such that Provisional President Adolfo de Huerta has decided to accept the offer of the services of an American Red Cross unit to aid in fighting the epidemic of bubonic plague in that city. "BROTHER" BOGGS, OLDEST MASON IN VIRGINIA, IS DEAD

End Came Peacefully to Reverend
Nonagenarian at 3 o'Clock
Yesterday Morning.

Rev. Charles H. Boggs, 91 years
of age, affectionately known as
"Brother Boggs," one of the oldest
members of the Virginia Conference,
Methodist Episcopal Church, South,
circuit rider and station preacher,
oldest Mason in the State, veteran of
the War Between the States, and one
of the best-known men in the State
of Virginia, died yesterday morning
at 3 o'clock after an illness of three
weeks. Death came as a result of
advanced age.

For fifty years, "Brother Boggs,"
as he was known, was an active min-
ister in the Methodist Church, join-
ing the conference at Petersburg in
1851. He served many churches in the
course of his ministry, taking super-
annuated relations in 1905 on account
of advanced age. He has made his
home for the past fifteen years in
Highland Park, Richmond.

Chaplain of Ninth Virginia Cavalry.

In 1851, he became a member of
the Ninth Virginia Cavalry, serving
throughout the War Between the
States as a chaplain in that organiza-
tion.

Mr. Boggs was first educated as a
physician, practicing medicine for a
number of years before becoming a
minister. In 1871, he transferred to
the Missouri conference, served there
four years and returned to Virginia.
He served in this State until he re-
tired at Highland Park Methodist
Church.

For more than sixty years he was
a member of the Masonic fraternity

and was chaplain of Northside Lodge,
No. 252.

He is survived by three children,
Mrs. T. J. Flipper, of Cumberland;
Rev. W. G. Boggs, of Ford, and Miss
Elizabeth C. Boggs, of Richmond.

FORESEE DEADLOCK AND HOT FIGHT OVER TREATY AT CHICAGO

WOMEN WILL RUSH SHOCK TROOPS TO G.O.P. CONVENTION

Alice Paul Will Command
Company of Pickets at

MILITANTS SELECTED TO WORK AMONG DELEGATES

Declare Siege Until Vermont
and Connecticut Legislatures
Act on Suffrage.

(By Associated Press.)

CHICAGO, June 6.—Picketing, but im-
pressive, picketing of the Republican
National Convention was decided
upon today by shock troops of the
National Women's Party here under
the leadership of Alice Paul.

The picketing will start Tuesday
morning and continue indefinitely.
More than a hundred women, rep-
resenting twenty-two States, and every
phase of women's activities, all carry-
ing banners bearing the names of the
States and slogans, will occupy
positions outside the Coliseum. Other
women will work among delegates
from their States in the various State
headquarters. Verbal heckling has
no place on the program.

Every effort of the suffragists, Miss
Paul said today, will be directed to-
ward inducing national leaders to
urge the Governors of Connecticut
and Vermont to call special sessions
of the Legislatures in their States
and pass on suffrage. The Legisla-
tures, Miss Paul insists, are ready to
ratify the suffrage amendment if the
Governors will call the special ses-
sions. None of the suffragists is
paying any attention at present to
the wording of proposed suffrage
planks in the Republican platform.
They hope for strong endorsement of
their cause as a collateral move, but
they insist that the time is past for
platform declarations of mere sym-
bolism. Direct action of anti-suffrage
Governors is the short
cut to a solution of the entire suf-
frage problem, it is declared.

Busy Scenes at Headquarters.

Suffrage headquarters—a little shop
directly across Wabash Avenue from
the Coliseum, nestled away among
half a dozen billboards advertising
everything from shaving soap to
automobile accessories—presented a
busy scene today. The room is
smaller than a sleeping car and, with
scores of banners, bundles of litera-
ture and press statements scattered
about, badly crowded. Even the small
advance guard of workers that is
here today has to hold some of its

Uninstructed Delegates Control G.O.P. Nomination

(Special to The Times-Dispatch.)

CHICAGO, June 6.—The tempo-
rary roll of the Republican Na-
tional Convention, as completed
by the national committee, will
have a total of 982. Of these 506
are uninstructed and the others
are divided as follows:

Wood, 125; Johnson, 112; Low-
den, 72; Sprout, 76; Harding, 30;
Polk, 14; Sutherland, 16;
Fowler, 22.

BORAH AND JOHNSON
READY FOR BATTLE

If Beaten in Committee Will
Force League Issue Into
Convention.

ALL SET FOR RUCTIONS

Dr. Butler Assails Idaho Senator,
and All Signs Point to a
Donnybrook.

(By Associated Press.)

CHICAGO, June 6.—Prospects for
a deadlock Republican convention
are growing with the arrival of un-
instructed delegates, who hold the
balance of power.

Out of the deadlock, which will
be produced by the failure of Wood,
Lowden or Johnson forces to com-
mand a majority, will come the nom-
inee, be he "dark horse" or one of
the big three.

The Lowden forces tonight are
claiming as high as 250 votes on the
first ballot and the Wood forces
equally as many. The Johnson claims
are in the figures, but the California
Senator's headquarters are claiming
hourly additions to his column.

Big Three to Trot Few Hens.

The men whose influence counts in
the party councils have come to the
conclusion that about the best way
out is to let the candidates with the
largest number of supporters trot a
few heats in the convention
what they can or cannot do. Those
favoring this plan feel perfectly cer-
tain that none of the candidates will
be nominated on the test ballots.

After the three leading candidates
have demonstrated to the convention
that they cannot get enough votes to
nominate themselves, it is argued
that the delegates will be in better
position to determine whether they
prefer to combine on one of the three
or look at some "dark horse."

Up to this time no "dark horses"
have been hanging for riders because
those who had any considerable sup-
port, like Johnson, Lowden or Wood,
refused to look at others for fear of
indicating weakness before a test of
strength had been made.

No "Dark Horse" in Lead.

Even those who favored a "dark
horse" were unable to attract any
support for him, for there had been
no opportunity for the "dark horse"
to establish a lead over another.
To the mass of uninstructed delegates
they are all a lot of "dark horses,"
and nothing more.

The practical politicians began to
realize today that the only solution
offered was to let the convention call
for a "dark horse" and then show it
that the convention, of course,
could go further and fare worse
than to take Johnson, Lowden or
Wood. All the discussion tonight of
principal balloting centers around
these three names, but the "dark
horse" names are too many to be
recorded.

If any set of practical politicians
had agreed among themselves to put
the convention into a deadlock for
their own purposes it is doubtful if
they could have done better than the
convention itself is threatening to do.
Three ballots and possibly four by
Thursday night is the prediction be-
ing most freely made, coupled with
the further prediction of final bal-
loting on Friday.

Platform Will Be Strength Test.

The plan looks placid enough, but
it is not without its possibilities of
breakdowns. It is realized on all sides
that the forces of neither Johnson,
Lowden or Wood will give up the
struggle without a battle. The fight
upon the platform planks, particu-
larly that on the league of nations,
continues to promise a test of
strength of the various elements, and
renewed predictions are being made
that the element which succeeds in
framing a platform acceptable to the
convention will also be able to pro-
vide a candidate equally acceptable.

At this time four years ago,
Charles Evans Hughes, was as good
as nominated although the ballots
were not cast until four days later.
Tonight he is being mentioned here
and there among the "dark horses."

Mention of former President Taft
also is heard in the same way. The
Hughes talk, which could not be de-
nominated a boom, and yet bears the
stamp of a good deal of support
was brought in by New York busi-
ness men and financiers who con-
sidered he was a man upon whom the
elements could unite. Governor
Sprout, of Pennsylvania, and Sena-
tor Harding, of Ohio, also figured in
the speculation.

With the opening of the conven-
tion thirty-six hours away last-min-
ute arrangements are promptly mov-
ing into place. They include every-
